

Vehicle notification system for vehicles brought into the UK from abroad

Use this form if you are bringing a land vehicle into the UK for permanent use. You will need to do this before you can register and licence your land vehicle with the Driver and Vehicle Licensing Authority (DVLA) or Driver and Vehicle Agency (DVA) in Northern Ireland. Some of the information you provide will be shared with these agencies.

You are not required to complete a notification if one of the following applies:

- your vehicle has an engine with a displacement or a cylinder capacity less than 49cc; or is electrically propelled using less than 7.3 Kilowatts
- you are only bringing a vehicle into the UK temporarily, that is no more than 6 months in a 12 month period.

The completed form allows us to assess whether or not any VAT is due, and if so, ensure it is paid and accounted for correctly.

For more information and help please read VAT NOVA1 Notes. These notes provide details about the notification process and additional information to help you complete each section of the form.

Please read the notes before you start to complete the form. In particular, notes 1 to 3 will confirm:

- whether you are required to complete a form
- the date by which you must complete the form
- which sections need to be completed.

A separate form is needed for each vehicle notification.

If you are:

- an agent completing a notification on behalf of a VAT registered business, or
- a person intending to complete a notification on behalf a non VAT registered business or private individual.

Please complete the 'Notifier details' and 'Purchaser details'. If, as a VAT registered business, non VAT registered business or private individual you are intending to make a notification of a vehicle you have purchased or brought from outside of the UK, only complete the 'Purchaser details'.

If the purchaser is a UK VAT registered business but the vehicle has not been brought into the UK for the purposes of the business (it is not an asset or stock of the business), the purchaser name must be that of a private individual (title, first name and last name) rather than the business.

For more information please refer to VAT Information Sheet *Notification of Vehicle Arrivals*. For help to complete this form, please contact the VAT Helpline on **0845 010 9000**.
